High capacity of stock and logistics

HIGH PRODUCTION AND STORAGE CAPACITY, WHICH ALLOWS US TO HAVE THOUSANDS OF UNITS IN STOCK

HIGH PRODUCTION EFFICIENCY ALLOWS US TO OFFER COMPETITIVE PRICES ON THE MARKET

A photograph of a large industrial warehouse interior. The space is filled with tall, multi-tiered metal shelving units (pallet racks) that stretch far into the distance. The racks are densely packed with various items, including what appear to be pallets and boxes. The lighting is bright, coming from high windows or skylights, creating a sense of depth and scale. The overall color palette is dominated by the metallic greys and blues of the shelving, with some warmer tones from the lighting.

UPDATE AND COLLECTIONS MAINTENANCE

MOLDING CHANGES

Some of the articles supplied by IMEX PRODUCTS, S.L. may have non-substantial modifications of some of their components compared to the photographs published in the catalogue.

IMEX PRODUCTS, S.L. reserves the right to make such changes in order to improve the design and functionality of the product, as well as its sales conditions.

IMEX, in constant development and with the aim of consolidating itself among the leading companies in the sector, has strengthened its ties with major industry leaders.

This partnership with manufacturers of faucet components such as **SEDAL** (cartridges), **TUCAI** (hoses), and **NEOPERL** (aerators) further establishes IMEX as a global benchmark. We remain committed to continuous development by combining our ideas and designs with the support and expertise of renowned brands in the faucet industry.

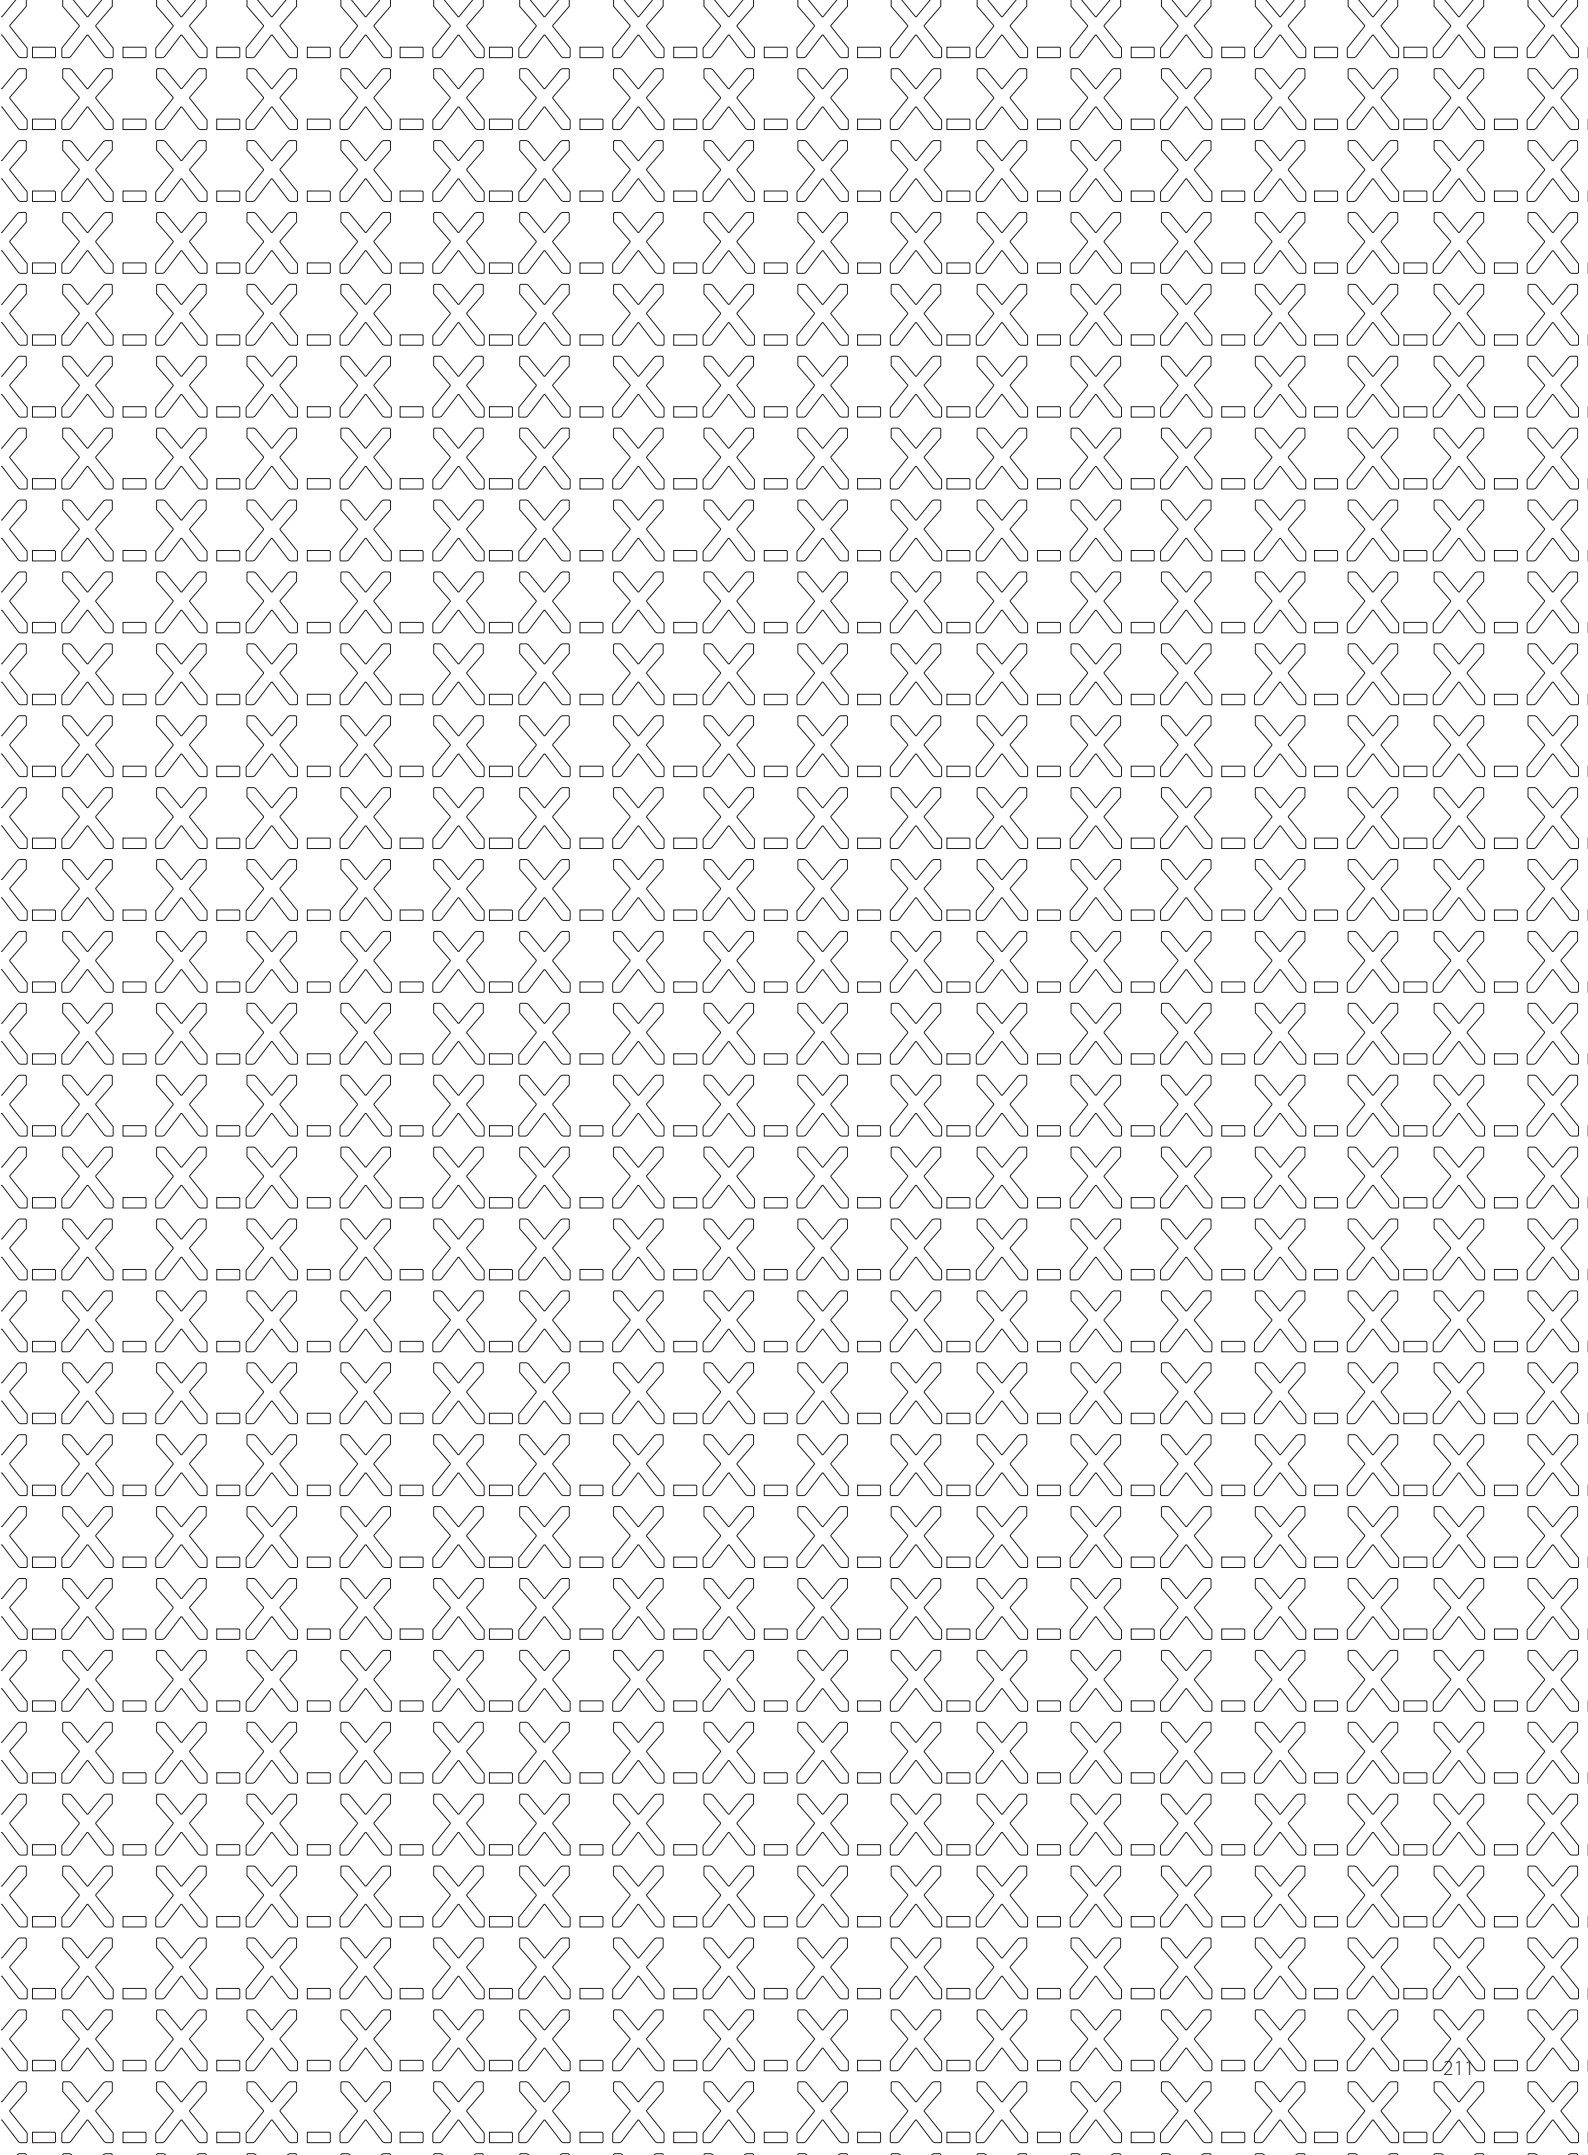

CLEANING AND MAINTENANCE TIPS

Imex Products recommends using non-abrasive cleaning products with a neutral Ph, which will not damage our products, to clean our taps in matt black or matt white finishes.

Following the product manufacturer indications, it is highly recommended to use a microfibre cloth and to always dry the product. In this way we will extend the taps' life.
